Each part of the rain forest is important.

In the canopy you will find.....

In the understory you will find.....

\*Draw and label your answer.

Each part of the rain forest is important.

In the canopy you will find.....

In the understory you will find.....

\*Draw and label your answer.

- What do plants need to grow?
- How do we depend on plants?

Use text evidence from our story this week, The Great Kapok Tree.
